# Job description and selection criteria

Job title	Clinical trials Assistant
Division	Medical Sciences
Department	Paediatrics
Location	Children's Research Team, Neonatal Unit & Children's Hospital, John Radcliffe Hospital, Headley Way, Oxford
	Partial remote working may be considered for this role
Grade and salary	Grade 4: £27,838 - £31,459 per annum (with a discretionary range to £34,046 per annum) pro rata for part time appointments
Hours	Part-time (0.6 FTE)
Contract type	Maternity leave cover
Reporting to	Rebecca Beckley, Project Manager
Vacancy reference	176168
Additional information	Applications are to be made online, please see the advert for the closing date.

#### The role

The Clinical Trials Assistant is responsible for the effective and efficient day-to-day administration of research studies, working closely with the Children's Research Team managers and nurses. The Clinical Trial Assistant is also required to carry out varied office duties and specific study related tasks and acts as a pivotal point of contact for the Children's Research Teams, based across the Neonatal Unit and Children's Hospital, Oxford.

This post is to cover the absence of the substantive postholder, who is taking a period of maternity leave. The post is available for 12 months or until the actual return of the substantive postholder, or the resignation of the substantive postholder and employment of a new postholder, whichever is the earliest.

### Flexible working

This post is offered at 0.6 full time equivalent, the working hours are 21.9 hours per week. This post may be able to accommodate partial remote working. Details confirmed at the point of offer.

## Responsibilities

- To administer, maintain and coordinate the logistical aspects of the clinical trials according to Good Clinical Practice (GCP) and Standard Operating Procedures (SOPs).
- To monitor and maintain the study documents, databases, spread sheets and equipment.
- To establish and be able to maintain effective filing systems including investigator site files and administrative files.
- To ensure an initial supply of documents, paperwork and other equipment is ready for the start of the trial.
- To attend study meetings, including developing the agenda as well as recording the minutes and action points.
- Be responsible for creating and maintaining study databases to track the recruitment and progress of clinical studies.
- To proof-read documents.
- Be responsible for organisation/management of the Group's research archive files, including maintaining a database of archived materials and summaries of current/previous research activities.
- Maintenance of staff training records and provide support in training new starters.
- To maintain confidentiality of issues relating to the families participating in research studies.
- To adhere to the Children's Research Team's Standard Operating Procedures for the conduct of studies.
- To be aware of the DoH Research Governance Framework for Health and Social Care governing the conduct of research.
- Communicate effectively with colleagues, as well as study participants, using initiative and judgment to solve problems and provide feedback to senior colleagues as appropriate.
- General office administration in this role as appropriate:
  - Photocopying, shredding, filing and arranging couriers.
  - To assist the study team with any other data collation and general office duties.
  - Deal with queries from members of the public, study participants, employees and line managers over the phone, by fax, by email and face-to-face.
  - Other duties may be required from time to time that are commensurate with the grade and responsibilities of the post.

#### Selection criteria

#### **Essential**

- Experience in research clinical trials administration including working knowledge of regulatory and governance requirements for clinical trials.
- Demonstrable experience in an administrative role working in an office environment.
- Excellent written and oral communication skills.
- Proven evidence of excellent organisational and time management skills.

- Ability to work unsupervised taking responsibility for own actions, including appropriate use of initiative and problem solving.
- Comprehensive knowledge of standard office software packages and IT skills including database entries and queries (Excel and Access).
- Experience working with confidential information for example medical records or clinical trial participant information.
- Service orientated approach, flexible, reliable and proactive towards changing study teams needs
- Ability to work precisely according to procedures, rules and regulations

#### **Desirable**

- Experience of university procedures and computer systems.
- Further education qualification in administrative field.
- Experience with proof reading documents and document creation.
- Previous experience within the NHS.

## **Pre-employment screening**

#### Standard checks

If you are offered the post, the offer will be subject to standard pre-employment checks. You will be asked to provide: proof of your right-to-work in the UK; proof of your identity; and (if we haven't done so already) we will contact the referees you have nominated. If you have previously worked for the University we will also verify key information such as your dates of employment and reason for leaving your previous role with the department/unit where you worked. You will also be asked to complete a health declaration so that you can tell us about any health conditions or disabilities for which you may need us to make appropriate adjustments.

Please read the candidate notes on the University's pre-employment screening procedures at: https://www.jobs.ox.ac.uk/pre-employment-checks

#### Additional security pre-employment checks

This job includes duties that will require additional security pre-employment checks:

- This role requires an honorary contract. The department will support the successful candidate in obtaining this where required and appropriate.
- A satisfactory basic Disclosure and Barring Service check due to having access to sensitive data
- University security screening (e.g. identity checks)

## **About the University of Oxford**

Welcome to the University of Oxford. We aim to lead the world in research and education for the benefit of society both in the UK and globally. Oxford's researchers engage with academic, commercial and cultural partners across the world to stimulate high-quality research and enable innovation through a broad range of social, policy and economic impacts.

We believe our strengths lie both in empowering individuals and teams to address fundamental questions of global significance, while providing all our staff with a welcoming and inclusive workplace that enables everyone to develop and do their best work. Recognising that diversity is our strength, vital for innovation and creativity, we aspire to build a truly diverse community which values and respects every individual's unique contribution.

While we have long traditions of scholarship, we are also forward-looking, creative and cuttingedge. Oxford is one of Europe's most entrepreneurial universities and we rank first in the UK for university spin-outs, and in recent years we have spun out 15-20 new companies every year. We are also recognised as leaders in support for social enterprise.

Join us and you will find a unique, democratic and international community, a great range of staff benefits and access to a vibrant array of cultural activities in the beautiful city of Oxford.

For more information, please visit www.ox.ac.uk/about/organisation.

#### The Children's Research Team

The Children's Research Team have been established for over 10 years and work within the Children's Directorate of the Neurosciences, Orthopaedics, Trauma, Specialist Surgery, Children's and Neonates Division at Oxford University Hospitals NHS Foundation Trust. The team is based in the Children's Hospital but work across the John Radcliffe site, including the Neonatal Unit and also at the Nuffield Orthopaedic Centre. The portfolio of studies managed by the team recruit children from most of the Paediatric specialties, including diabetes, critical care, respiratory medicine, neurology and gastroenterology.

# **Department of Paediatrics**

The Department of Paediatrics is a world leader in child health research and hosts internationally renowned research programmes in drug development, gastroenterology, haematology, HIV, immunology, neuroimaging, neuromuscular diseases and vaccinology. Our work spans from early proof-of concept fundamental science, all the way up to its application in clinical settings.

We continue to shape the landscape of medical science through positively impacting the lives of millions of children from our global research programmes, academic resources, and commitment to success. Our broad research base positions the department in a pivotal role and subsequently a world leader in child health. With research facilitates in the UK and abroad, we work on a global scale, building a paediatric network in the medical science community. We are committed to inform and inspire external audiences worldwide through our public engagement and outreach activities.

In 2021, we successfully administered a grant value of £130,895,28 obtained through 168 projects. Our strong relationship with funding bodies have also been a contributor to the successes and milestones in children's health research. With strong support from the Wellcome Trust, NIH, Cancer Research UK, UKRI, MDUK, Bill & Melinda Gates Foundation, Academy of Medical Sciences and the NIHR, we have employed 360+ staff, researchers, and students. These figures continue to grow as we expand our activities to overcome the multitude of challenges within children's research health.

For more information please visit: http://www.paediatrics.ox.ac.uk/

The Department of Paediatrics holds a Gold Athena Swan award to recognise advancement of gender equality: representation, progression and success for all.

#### **Medical Sciences Division**

We are an internationally recognized centre of excellence for biomedical and clinical research and teaching, and the largest academic division in the University of Oxford.

World-leading programmes, housed in state-of-the-art facilities, cover the full range of scientific endeavour from the molecule to the population. With our NHS partners we also foster the highest possible standards in patient care.

For more information please visit: <a href="http://www.medsci.ox.ac.uk/">http://www.medsci.ox.ac.uk/</a>

## How to apply

Applications are made through our online recruitment portal. Information about how to apply is available on our jobs website <a href="https://www.jobs.ox.ac.uk/how-to-apply.">https://www.jobs.ox.ac.uk/how-to-apply.</a>

Your application will be judged solely on the basis of how you demonstrate that you meet the selection criteria stated in the job description.

As part of your application you will be asked to provide details of two/three referees and indicate whether we can contact them now.

You will be asked to upload a CV and a supporting statement. The supporting statement must explain how you meet each of the selection criteria for the post using examples of your skills and experience. This may include experience gained in employment, education, or during career breaks (such as time out to care for dependants).

Please upload all documents as PDF files with your name and the document type in the filename.

All applications must be received by **midday** UK time on the closing date stated in the online advertisement.

If you currently work for the University please note that:

- as part of the referencing process, we will contact your current department to confirm basic employment details including reason for leaving
- although employees may hold multiple part-time posts, they may not hold more than the
  equivalent of a full time post. If you are offered this post, and accepting it would take you
  over the equivalent of full-time hours, you will be expected to resign from, or reduce hours
  in, your other posts(s) before starting work in the new post.

# Information for priority candidates

A priority candidate is a University employee who is seeking redeployment because they have been advised that they are at risk of redundancy, or on grounds of ill-health/disability. Priority candidates are issued with a redeployment letter by their employing department(s).

If you are a priority candidate, please ensure that you attach your redeployment letter to your application (or email it to the contact address on the advert if the application form used for the vacancy does not allow attachments).

# If you need help

Application FAQs, including technical troubleshooting advice is available at: https://staff.web.ox.ac.uk/recruitment-support-faqs

Non-technical questions about this job should be addressed to the recruiting department directly at <a href="mailto:recruitment@paediatrics.ox.ac.uk">recruitment@paediatrics.ox.ac.uk</a> or using the contact details in the online advertisement.

To return to the online application at any stage, please go to: www.recruit.ox.ac.uk.

Please note that you will receive an automated email from our e-recruitment system to confirm receipt of your application. **Please check your spam/junk mail** if you do not receive this email.

### Important information for candidates

#### **Data Privacy**

Please note that any personal data submitted to the University as part of the job application process will be processed in accordance with the GDPR and related UK data protection legislation. For further information, please see the University's Privacy Notice for Job Applicants at: <a href="https://compliance.admin.ox.ac.uk/job-applicant-privacy-policy">https://compliance.admin.ox.ac.uk/job-applicant-privacy-policy</a>. The University's Policy on Data Protection is available at: <a href="https://compliance.admin.ox.ac.uk/data-protection-policy">https://compliance.admin.ox.ac.uk/data-protection-policy</a>.

#### The University's policy on retirement

The University operates an Employer Justified Retirement Age (EJRA) for very senior research posts at **grade RSIV/D35 and clinical equivalents E62 and E82** of 30 September before the 70<sup>th</sup> birthday. The justification for this is explained at: https://hr.admin.ox.ac.uk/the-ejra.

For **existing** employees on these grades, any employment beyond the retirement age is subject to approval through the procedures: https://hr.admin.ox.ac.uk/the-ejra.

There is no normal or fixed age at which staff in posts at other grades have to retire. Staff at these grades may elect to retire in accordance with the rules of the applicable pension scheme, as may be amended from time to time.

#### **Equality of opportunity**

Entry into employment with the University and progression within employment will be determined only by personal merit and the application of criteria which are related to the duties of each particular post and the relevant salary structure. In all cases, ability to perform the job will be the primary consideration. No applicant or member of staff shall be discriminated against because of age, disability, gender reassignment, marriage or civil partnership, pregnancy or maternity, race, religion or belief, sex, or sexual orientation.

# Benefits of working at the University

### Employee benefits

University employees enjoy 38 days' paid holiday, generous pension schemes, travel discounts including salary sacrifice schemes for bicycles and electric cars and other discounts. Staff can access a huge range of personal and professional development opportunities. See <a href="https://hr.admin.ox.ac.uk/staff-benefits">https://hr.admin.ox.ac.uk/staff-benefits</a>.

### Employee Assistance Programme

As part of our wellbeing offering staff get free access to Health Assured, a confidential employee assistance programme, available 24/7 for 365 days a year. Find out more https://staff.admin.ox.ac.uk/health-assured-eap.

### University Club and sports facilities

Membership of the University Club is free for all University staff. The University Club offers social, sporting, and hospitality facilities. Staff can also use the University Sports Centre on Iffley Road at discounted rates, including a fitness centre, powerlifting room, and swimming pool. See <a href="https://www.sport.ox.ac.uk/">www.club.ox.ac.uk</a> and <a href="https://www.sport.ox.ac.uk/">https://www.sport.ox.ac.uk/</a>.

#### Information for staff new to Oxford

If you are relocating to Oxfordshire from overseas or elsewhere in the UK, the University's Welcome Service includes practical information about settling in the area, including advice on relocation, accommodation, and local schools. See <a href="https://welcome.ox.ac.uk/">https://welcome.ox.ac.uk/</a>.

There is also a visa loan scheme to cover the costs of UK visa applications for staff and their dependents. See <a href="https://staffimmigration.admin.ox.ac.uk/visa-loan-scheme">https://staffimmigration.admin.ox.ac.uk/visa-loan-scheme</a>.

## Family-friendly benefits

We are a family-friendly employer with one of the most generous family leave schemes in the Higher Education sector (see <a href="https://hr.web.ox.ac.uk/family-leave">https://hr.web.ox.ac.uk/family-leave</a>). Our Childcare Services team provides guidance and support on childcare provision, and offers a range of high-quality childcare options at affordable prices for staff. In addition to 5 University nurseries, we partner with a number of local providers to offer in excess of 450 full time nursery places to our staff. Eligible parents are able to pay for childcare through salary sacrifice, further reducing costs. See <a href="https://childcare.admin.ox.ac.uk/">https://childcare.admin.ox.ac.uk/</a>.

## Supporting disability and health-related issues (inc menopause)

We are committed to supporting members of staff with disabilities or long-term health conditions, including those experiencing negative effects of menopause. Information about the University's Staff Disability Advisor, is at <a href="https://edu.admin.ox.ac.uk/disability-support">https://edu.admin.ox.ac.uk/disability-support</a>. For information about how we support those going through menopause see <a href="https://hr.admin.ox.ac.uk/menopause-guidance">https://hr.admin.ox.ac.uk/menopause-guidance</a>.

#### Staff networks

The University has a number of staff networks including for research staff, BME staff, LGBT+ staff, disabled staff network and those going through menopause. Find out more at <a href="https://edu.admin.ox.ac.uk/networks">https://edu.admin.ox.ac.uk/networks</a>.

### The University of Oxford Newcomers' Club

The University of Oxford Newcomers' Club is an organisation run by volunteers that aims to assist the partners of new staff settle into Oxford, and provides them with an opportunity to meet people and make connections in the local area. See <a href="https://www.newcomers.ox.ac.uk">www.newcomers.ox.ac.uk</a>.

#### Research staff

The Researcher Hub supports all researchers on fixed-term contracts. They aim to help you settle in comfortably, make connections, grow as a person, extend your research expertise and approach your next career step with confidence. Find out more <a href="https://www.ox.ac.uk/research/support-researchers/researcher-hub">https://www.ox.ac.uk/research/support-researchers/researcher-hub</a>.

Oxford's Research Staff Society is a collective voice for our researchers. They also organise social and professional networking activities for researchers. Find out more <a href="https://www.ox.ac.uk/research/support-researchers/connecting-other-researchers/oxford-research-staff-society">https://www.ox.ac.uk/research/support-researchers/connecting-other-researchers/oxford-research-staff-society</a>.
